

# FOSS Middle School Summer Workshop

## Populations and Ecosystems Workshop and Mono Lake Field Trip for Middle-School Educators

August 6–10, 2008

**A two-day workshop at the  
Lawrence Hall of Science in  
Berkeley, CA  
August 6–7, 2008**

followed by...

**a field trip to Mono Lake, CA  
August 8–10, 2008**

The ***FOSS Populations and Ecosystems Workshop and Field Trip to Mono Lake*** will offer middle-school educators the opportunity to experience the Populations and Ecosystems curriculum in an intensive 2-day workshop at the Lawrence Hall of Science. Then the field trip will provide an “up-close and personal” opportunity to live with the incredible Mono Lake ecosystem.

***Read on for more information!***
